Information phone: 1-800-362-9850 or 330-821-5310
fax: 330-821-6355

Section 2 - Composition / Information on Hazardous Ingredients

<u>Ingredient</u>	<u>C.A.S. No.</u>	<u>Percent</u>	<u>Carcinogen</u>
Isopropyl Alcohol	67-63-0	20 - 30%	No
1-Butoxy-2-Propanol	5131-66-8	2 - 10%	No

Section 3 - Hazards Identification

Emergency Overview: Liquid is irritating to the eyes. Contains alcohol, but product will not burn and poses little hazard in a fire. A blue liquid with a floral and slight isopropyl alcohol odor.

Health Hazards: Irritant

Physical Hazards: None

Primary Routes of Entry: ___Through Skin ___Inhalation XIngestion

Potential Health Effects:

Eyes – concentrate causes irritation, redness, tearing. Dilutions may cause irritation, redness, tearing.

Skin - may cause irritation on persons with sensitive skin.

Swallowing – Concentrate causes irritation of mouth and throat. Dilutions may cause irritation.

Breathing – possibly irritating if mist is inhaled excessively.

Section 4 - First Aid Measures

Eye Contact: Immediately flush eyes with water for at least 15 minutes, lifting upper and lower eyelids occasionally. If irritation persists, get medical attention.

Skin Contact: Wash exposed area with soap and water. If irritation develops and persists, get medical attention.

Inhalation: If affected, move the person to fresh air. If irritation persists, get medical attention.

Ingestion: If the person is conscious, give two glasses of water to drink. Induce vomiting immediately by sticking finger down throat to trigger gag reflex. Treat for shock by keeping warm and quiet. Get medical attention immediately. Swallowing the concentrate is more serious than swallowing diluted product.

Section 5 - Fire-Fighting Measures

Flash Point: 76° F. ASTM D-56 Closed Cup. NOTE: There is no open cup flash point. The product is not flammable and will not burn. Only in the air-space inside the closed container can enough vapor accumulate to make a small flash and only if a flame is held to the mouth of the container. There is not enough of the isopropyl alcohol present to create flammable conditions in open air.

Lower Explosive Limit: Not Applicable

Upper Explosive Limit: Not Applicable

Extinguishing Media: Any

Special Fire Fighting Procedures: None.

Unusual Fire And Explosion Hazards: None.

Section 6 - Accidental Release Measures

Steps To Be Taken If Material Is Released Or Spilled: Clean up small spills with a rag or mop. Larger spills can be washed to sewer with plenty of water.

Section 7 - Handling and Storage

Store at temperatures between 30° and 90° F.

Empty containers retain product residue and all precautions apply to them.
